This Product does not contains any substance regulated as pollutant pursuant to clean water.

Action Taken or Planned:

Crew is on Site for removing the ash and debris.

Wastes Disposal Location:

Agencies Involved:

Updates

Date: 8/22/2016 **Status:** Inspection

Author: Kangas, Kathleen

Updated Volume:

Notes:

On site 08.22.16 at 1:05 p.m. 88 degrees F, sunny, wind 9 mph south. Spill area is approximately 1 mile east of Anamoose on the eastbound lane. Area of spill has impacted half of the eastbound lane for approximately 20 feet running east/west and all of the emergency lane. These areas are darkened and black with some white/gray staining. The grass/soil is brown/black and appears burned into the ditch, running approximately 20-30 feet to the south. There is still an apparent moderate sulphur smell lingering at the site. The majority of the material appears to have been removed, although some appears to remain.

Date: 8/22/2016 **Status:** Reviewed - Follow-up Required

Author: O'Gorman, Brian

Updated Volume:

Notes:

According to the report, 44,000 pounds of sulphur were released near Highway 52, near Anamoose, N.D. More follow-up needed.
